SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text: AMENDMENT 0009

NOTICE TO BIDDERS

Failure of the bidder to Acknowledge receipt of this Amendment in Item 19 of Standard Form 1442 (Pg. 00010-2) may result in REJECTION of the bid. IFB NO. DACW51-03-B-0019

Amendment No. 9

Department of the Army, NYD Corps of Engineers New York, NY 10278-0090

AMENDMENT NO. 9: TO SPECIFICATIONS FOR GREEN BROOK SUB BASIN OF THE RARITAN RIVER GREEN BROOK FLOOD CONTROL PROJECT SEGMENT U BOROUGH OF BOUNDBROOK NEW JERSEY

TO BIDDERS

1. Bid Opening:

2. Specifications:

- a. Spec section 01354 subsection 1.3.2 have had the following changes made:
 - Reference to Section 00903 deleted. Stream Encroachment Freshwater Wetlands Permits included under Amendment #7.
- b. Sections 02340; 02378a; 02713; 02770; 03101; 03151 had the following changes made: The Government Approval status and Reviewer of submittals has been changed for each of these sections, and subsequently each submittal register has been revised.
- c. Section 00800 Special Contract Requirements (pg 70 of 88) Para. 6 Contract Drawings, Maps and Specifications: Index Sheets revised to indicate sheet 1 of 43.
- d. Submittal register for spec section 01354 has been revised and is included in this amendment.
- e. Spec Section 00800: Add paragraph 42 Continuing Contracts (Mar 1995) EFARS 52.232.5001. Paragraph 42 is included with this Notice to Bidders and follows on accompanying pages.

3. Plans:

- a. Sheet #4:
- Two notes were added per request from Real Estate / garage tenant. Contractor Access area limits were added in vicinity of Garage near Route 22, and temporary Construction Sign notes and details added.
- b. Sheet #31: Soil Erosion and Sediment Control Notes:
 - Address for Freehold Soil Conservation District deleted

- Note #25 added.
- c. Sheet #2
 - Utility relocation note corrected.
- d. Sheet #41
 - General note #5 corrected. References to 4 are now 4X.
- **4.** This Amendment shall be attached to the specifications and shall be a part thereof.

Continuing Contracts (Mar 1995) - EFARS

- (a) This is a continuing contract, as authorized by Section 10 of the River and Harbor Act of September 22, 1922 (33 U.S. Code 621). The payment of some portion of the contract price is dependent upon reservations of funds from future appropriations, and from future contribution to the project having one or more non-federal project sponsors. The responsibilities of the Government are limited by this clause notwithstanding any contrary provision of the "Payments to Contractor" clause or any other clause of this contract.
- (b) The sum of \$2,000,000 has been reserved for this contract and is available for payments to the contractor during the current fiscal year. It is expected that Congress will make appropriations for future fiscal years from which additional funds together with funds provided by one or more non-federal project sponsors will be reserved for this contract.
- (c) Failure to make payments in excess of the amount currently reserved, or that may be reserved from time to time, shall not entitle the contractor to a price adjustment under the terms of this contract except as specifically provided in paragraphs (f) and (I) below. No such failure shall constitute a breach of this contract, except that this provision shall not bar a breach-of-contract action if an amount finally determined to be due as a termination allowance remains unpaid for one year due solely to a failure to reserve sufficient additional funds therefore.
- (d) The Government may at any time reserve additional funds for payments under the contract if there are funds available for such purpose. The contracting officer will promptly notify the contractor of any additional funds reserved for the contract by issuing an administrative modification to the contract.
- (e) If earnings will be such that funds reserved for the contract will be exhausted before the end of any fiscal year, the contractor shall give written notice to the contracting officer of the estimated date of exhaustion and the amount of additional funds which will be needed to meet payments due or to become due under the contract during that fiscal year. This notice shall be given not less than 45 nor more than 60 days prior to the estimated date of exhaustion.
- (f) No payments will be made after exhaustion of funds except to the extent that additional funds are reserved for the contract. The contractor shall be entitled to simple interest on any payment that the contracting officer determines was actually earned under the terms of the contract and would have been made except for exhaustion of funds. Interest shall be computed from the time such payment would otherwise have been made until actually or constructively made, and shall be at the rate established by the Secretary of the Treasury pursuant to Public Law 92-41, 85 STAT 97, as in effect on the first day of the delay in such payment.
- (g) Any suspension, delay, or interruption of work arising from exhaustion or anticipated exhaustion of funds shall not constitute a breach of this contract and shall not entitle the contractor to any price adjustment under the "Suspension of Work" clause or in any other manner under this contract.

- (h) An equitable adjustment in performance time shall be made for any increase in the time required for performance of any part of the work arising from exhaustion of funds or the reasonable anticipation of exhaustion of funds.
- (i) If, upon the expiration of sixty (60) days after the beginning of the fiscal year following an exhaustion of funds, the Government has failed to reserve sufficient additional funds to cover payments otherwise due, the contractor, by written notice delivered to the contracting officer at any time before such additional funds are reserved, may elect to treat his right to proceed with the work as having been terminated. Such a termination shall be considered a termination for the convenience of the Government.
- (j) If at any time it becomes apparent that the funds reserved for any fiscal year are in excess of the funds required to meet all payments due or to become due the contractor because of work performed and to be performed under the contract during the fiscal year, the Government reserves the right, after notice to the contractor, to reduce said reservation by the amount of such excess.

(End of Summary of Changes)
